Destini Proposes Private Placement Exercise To Repay Borrowings

KUALA LUMPUR (Sept 12): Destini Bhd has proposed a private placement to raise approximately RM49.67 million in funds for the repayment of bank borrowings and working capital purposes.

Based on its filing with the bourse today, the engineering group intends to issue up to 231.05 million shares for the placement exercise, representing up to 20% of the total number of issued shares in Destini.

Based on an indicative issue price of 21.5 sen per placement share, the exercise is expected to raise RM49.67 million in proceeds, of which RM21 million will be used to repay bank borrowings.

Meanwhile, RM22 million will go towards funding its existing projects, RM5 million for new projects, while RM1.39 million has been earmarked for general requirements.

Upon completion of the exercise, the group's total share base will increase to 1.39 billion shares from 1.16 billion. In line with the increase in shares, its share capital will increase to RM432.48 million from RM382.81 million.

"Barring any unforeseen circumstances, the proposed private placement is expected to be completed by the fourth quarter of 2019," it said.
