

Destini Oil Services Sdn Bhd

## Environmental Policy

Destini Oil Services is committed to any values the protection of the environment. This commitment includes preserving natural resources, preventing pollution and continual improvement of environmental management. Implementation of this policy is the responsibility of each and every staff.

To this end, the Company shall:

- Comply with all appropriate and applicable environmental laws and regulations;
- Effectively communicate this policy and our environment commitment to our staff, contractors, the community and request that they join us in these efforts;
- Promote, when practical, positive impact on the environment by recycling, reuse and conservation of natural resources;
- Enhance training program in addressing environmental issues and conservation;
- Place a high priority on ensuring proper fuel, chemical and waste management and storage;
- Encourage proactive attitudes towards environmental management;
- Evaluate environmental performance to ensure continual improvement through inspections and audits;
- Implement toxic use reduction and pollution prevention measures as dictated by operations and where practical.
